

POLICY FOR PUBLIC EXPRESSION AT THE McCORMICK PLACE® CONVENTION CENTER

I. POLICY STATEMENT

The Metropolitan Pier and Exposition Authority (the “Authority”) is a limited purpose governmental entity with only those rights and powers granted by Illinois law. 70 ILCS 210/1 *et seq.* The Authority’s statutory purpose is to develop facilities for conventions, trade shows and exhibitions, as well as for commercial, recreational and cultural activities. The Authority owns McCormick Place® Convention Center and is dedicated to this purpose.

The Authority’s principal goals include creating and maintaining desirable venues to compete successfully in the international market for conventions, trade shows and exhibitions; attracting visitors to the Chicago metropolitan area and the State of Illinois; providing Chicagoland residents and tourists alike with a place for fun and relaxation; and generating economic activity, jobs and business opportunities for Illinois residents. The convention and trade show activities at McCormick Place provide significant benefits to the economies of both the City of Chicago and the State of Illinois and produce substantial local and state tax revenues, by attracting visitors to the City and the State.

In 2010 the Illinois General Assembly passed Public Acts 096-0898 and 096-0899 (the “Reform Legislation”), which authorized a significant restructuring of the Authority to facilitate the continued success of McCormick Place, within a highly competitive industry. The Reform Legislation required the Authority to privatize the management and operations of McCormick Place. In 2011 the Authority selected SMG (now ASM Global) to manage and operate McCormick Place, as its agent.

McCormick Place is primarily dedicated to hosting major conventions, trade shows and meetings. It currently has 2.6 million square feet of exhibition space, one hundred seventy-three meeting rooms and three auditoriums, spread across four major buildings: the North Building, the South Building, Lakeside Center and the West Building. McCormick Place also houses the Arie Crown Theater, a 4,249-seat auditorium used for both private, licensed events and cultural entertainment offerings to the public. To attract and retain customers, the Authority owns two hotels at McCormick Place one operated by Hyatt and one operated by Marriott. The Authority also has entered into leases and concession agreements whereby vendors offer food and services for the use and benefit of McCormick Place customers.

In authorizing the Authority to develop and operate McCormick Place, the Illinois legislature intended that the Authority would manage McCormick Place so that revenues would cover all operating expenses. The Authority earns revenues from, among other sources, fees charged for long-term leases and short-term licenses; from a percentage share of its tenants' sales; and other service charges charged to short-term licensees; and from parking fees.

The Authority has a substantial financial interest in maintaining McCormick Place as a professional, attractive, clean, convenient and orderly facility conducive to the business needs of its customers. McCormick Place has succeeded in becoming one of the top-ranked convention and meeting centers in North America. Many public and private facilities compete with McCormick Place for conventions, trade shows and meetings. If the volume of McCormick Place's customers were to decline, this would adversely affect McCormick Place's financial success, and, by extension, the economic welfare of the City, the State and their residents. Thus, maintaining a full calendar of conventions, trade shows and meetings is the Authority's paramount management objective at McCormick Place, and the Authority promulgated this Policy in service of that objective.

McCormick Place poses unique emergency, traffic and crowd control challenges because of its vast size. Tens of thousands of visitors may be using the facility on a given day and the facility lacks transparent access to the public street grid of Chicago. Given this configuration and given that as many as 60,000 people visit McCormick Place on its busiest days, the Authority has a substantial interest in managing all activities at the facility to avoid threats to the health and safety of visitors and employees. The Authority promulgated this Policy in service of this objective as well.

It is and always has been the Authority's intent to operate McCormick Place as a non-public forum, to dedicate the facility to the business needs of its customers and to prohibit picketing, demonstrations, marches, solicitation of signatures or contributions and other similar forms of public expression of views within McCormick Place and to limit expressive activities on its external grounds. The Authority finds that allowing such activities to occur inside McCormick Place would make it substantially less attractive as a convention, trade show and meetings facility, discourage customers from returning, adversely impact the business of McCormick Place and pose significant public safety dangers in light of the convention center's physical configuration. Therefore, this Policy allows limited types of free expression at certain locations at McCormick Place notwithstanding the continued designation of those locations as non-public forums.

II. RULES AND REGULATIONS

A. AREAS FOR PUBLIC EXPRESSION

The following areas are available, free of charge, for non-commercial public expressive activity at McCormick Place, pursuant to a valid permit granted by McCormick Place|ASM Global.

B. NUMBER OF PERSONS PERMITTED TO ENGAGE IN EXPRESSIVE ACTIVITY

Each designated area for public expression at McCormick Place is subject to a maximum number of individuals due to space limitations and proximity to pedestrian and vehicular traffic.

1. **McCormick Square Area**. No more than one hundred fifty (150) individuals.
2. **Lakeside Center Sidewalk Area**. No more than thirty (30) individuals.

3. Primary and Secondary Leafleting Areas.

- (a) At each of the Primary and Secondary Leafleting Areas, set forth in II A.2(a) and (b) above, McCormick Place|ASM Global may permit one (1) Leafleter per area, except at the Parking Lot A and Parking Lot C leafleting areas, where up to two (2) Leafleters per area may be permitted.
- (b) All persons leafleting (“Leafleters”), whether in a Primary or Secondary Leafleting Area, must remain in their designated areas and shall not be allowed to roam outside the areas. With respect to areas that may offer more than one (1) location in which to stand, the Leafleter must pick one (1) such location and remain there throughout the time period authorized by the permit.
- (c) As to each Primary or Secondary Leafleting Area that is adjacent to a numbered facility gate at McCormick Place, but with the exception of the leafleting areas near Gate 4 and next to the east entrance to the West Building, when visitors are entering or exiting McCormick Place at a point not immediately adjacent to a leafleting area, Leafleters may leave the leafleting area (or, at Gates 1, 2, 3, 21, 26, 32, 33, 34, 40, 41, 42, 43 and 44 switch to one of the defined alternate locations) only as far as is necessary to approach such visitors and offer them leaflets; provided that Leafleters: (i) must return to the nearest leafleting area as soon as they have offered leaflets to such visitors, and (ii) may not inhibit the free flow of pedestrian traffic or obstruct entry doors or fire exits.

McCormick Place|ASM Global grants permit applications on a first-come, first-served basis without reference to the content of the message to be expressed. McCormick Place|ASM Global has the right to deny any permit if the General Manager, in his sole discretion, finds that a permit application is materially incomplete, contains material misrepresentations, or fails to designate a responsible person for group applicants.

Additionally, the General Manager may, in his sole discretion, deny any permit if the proposed expressive activity would:

4. interfere with other activities for which McCormick Place|ASM Global has granted a lease, license or permit;

If the permit application is denied, the official denying the application will provide a written explanation of the grounds for denial.
